

Washstand Vitalis Pro made from the copolymer-bound mineral material VARICOR® (material in accordance to ISO norm 19712). Homogeneous, coloured throughout, pore-free material, without surface sealing like gel coat or glaze, largely resistant against disinfectants and commonly-used chemicals, heat resistant against burning cigarette, standard plain white colour shades (arktis, white-alpine) have good antibacterial properties in accordance to ISO 22196 (other colours on request). Optionally available with antiviral properties.

Single washstand moulded to order in one piece, **multiple washstand** made of several single washstands bonded together seamlessly and ready made-up, with side shelves, machinable on site, barrier free, with integrated grip rail on the edge of the basin, with projecting oval basin, standard with overflow, with slightly dropped tap ledge, optional tap hole, with skirt, with back rim for hanger bolt fastening.

Also available with shelf only on one side or as single washstand without shelf.

Vitalis Pro qualifies for CE marking in compliance with DIN EN 14688 and meets the accessibility requirements according to DIN 18040
